

Statement on fraudulent activity

2 September 2020

We're aware of a website misusing our identity for fraud and making false claims about Star of the South and have alerted police and other relevant authorities.

Recently, we were alerted to a website in the name of Oleson Wind Energy which falsely named Star of the South personnel as its directors and claimed it was involved in the construction of the project. These claims are false. Star of the South is currently in the feasibility phase with no construction works currently underway off the south coast of Gippsland (only site investigations).

If you have been approached by Oleson Wind Energy or any individual claiming to act on behalf of Star of the South, please contact police or get in touch with us to clarify the legitimacy of any requests on 1800 340 340.
